## Commitment to achieving Net Zero

**[Supplier name]** is committed to achieving net zero emissions by **20XX**.

## Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions.

Baseline emissions are the reference point against which emissions reduction can be measured.

## Carbon reduction projects

### Completed carbon reduction initiatives

The following environmental management measures and projects have been completed or implemented since the 20XX baseline. The carbon emission reduction achieved by these schemes equate to XX tCO<sub>2</sub>e, a XX% reduction against the 20XX baseline and the measures will be in effect when performing the contract.
